

MINISTRY OF ACHAEMENIA

OFFICE OF STANDARD-ISSUE

PUBLIC NOTICE

TO: All Delegations, Interpolity Science Assembly
FROM: The Ministry
RE: Administration of the Lunar Station
COPIES: One (1). Not to be reissued.

Achaemenia has assumed administration of the Lunar Station. No individual is responsible.

The station will be overseen by Neil. All Achaemenians are familiar with the circumstances of his appointment. The Ministry reminds the Assembly that the ceremonial hat of the Uniti has always been, and remains, the correct size at all times.

Neil's duties are as follows: to maintain the station to standard, to submit reports to the Ministry daily, and to salute toward Achaemenia at each scheduled interval. Neil will remain visible to all citizens on clear nights, in fulfilment of his service.

The Ministry thanks the current Unitus, who accepted the role upon notice of Neil's unsuitability, and assumed the posting, and the hat, without request.

In sol,

The Ministry

Doing things right the first time
